The Union Trust & Savings Company renders service not so much to tell the people they should save; they already know they should, but rather to suggest how to save conveniently and safely.

As to safety, the twenty-four years' success of this bank, the broad experience and conservatism of the men who manage its affairs and its large surplus and ample resources are factors assuring absolute and unquestioned stability and security for funds.

As to convenient saving, the Christmas Money Club which opened for members Monday, December 21, affords the best plan for saving which has ever been placed before the people. It enables you to save a small sum each week for fifty weeks and to get back your savings at the end of the club year about December 15th, with 3 per cent interest added.

For Whom Is the Christmas Money Club?

1. The people who want money for 1915 Christmas purposes but feel they can not take it out of their earnings in a lump sum.
 2. Those who would like to save money, but are undecided as to how to make the start.
 3. The husband and wife who want to begin saving by a plan for a home, the Christmas Money Club is a good beginning.
 4. Young people who want to begin saving for college.
 5. Persons who save regularly, but want to save something extra for Christmas money.
 6. Mechanics, workmen, clerks, business and professional men and women, school boys and girls, and every one who wants to learn how a few cents each week count up.
- Call at the bank and get a circular fully describing the plan.
- Now is the time to join the Christmas Money Club.

Billy Redmond tells the Democrat he has discovered another reason why the farmer does not laugh. Tuesday morning when the thermometer registered 10 degrees below zero he tried to milk the cow, and the calf insisted on slobbering over him.

The Democrat does not take much stock in the annual cry to cut out the tobacco crop next year. Nothing in it any more. Those who do not feel that they can afford to raise the weed should cut it out on their own responsibility, and those who want to raise it should go ahead and raise it without interference from anybody else. It should be purely a matter of personal and individual choice.

NICE DONATION FOR ORPHANAGE
The donation of the Central Presbyterian Sunday school for the orphanage at Anchorage amounted to \$27.

If you would have a clean hearted boy you must teach him to keep his body clean and vigorous. Give him wholesome food and conveniences for bathing. The body is the temple of the spirit. A boy's clothes may be of the roughest, but if he brushes his teeth and takes a cold plunge of a morning he is a gentleman and he will not find his mouth stained by foul words nor his body capable of evil deeds.

The trouble with hamburger cheese is that its small assassins its delicious taste. A Pennsylvania man states that the outside of the cheese is the part that smells objectionably, and that if this part is cut off in chunks, sliced, and given a few seconds of immersion in hot water the smell will be destroyed, leaving the taste unimpaired. The inside of the cheese, he says, needs no treatment.

THE SPIRIT OF CANADA.

In the street cars and on the bill-boards of Canada the following verses are posted:

BRITAIN'S MOTTO.

Let the foe who strikes at England know her wheels of commerce turn;
Let the ships that war with England see her factory furnaces burn—
For the foe most fears the cannon, and his heart most quakes with dread.
When behind the man in khaki is the man who keeps his head!
